- Trustin presented a resolution for the committee to approve, that will add the basset ordinance to the liquor code. It was effective 1/1/17 (State of Illinois) but we won't enforce it until 7/1/17. It will be part of the annual renewal process. Every person who serves or touches alcohol will have to go through this training. Basset training is a state law. Our resolution is less intense than the state but Gab says it is in compliance with state law. A new server has 3 months to get certified. The certification is good for 3 years. Snell made a motion to approve the resolution & Fulgenzi seconded. Motion carried (11-0)
- Trustin said that he was notified by Public Health that the Penny Bar has received 2 smoking violations within the last couple of months. Trustin & John are going to make a visit to the bar and have a conversation about these violations.
- Trustin presented the December Gaming report for review. (See attached) the revenues decreased by almost 2k.
- The tavern incident report was discussed. Parkway Pub is again on the report several times. Trustin said they have added a bouncer to try to help with the issues. He said it is a rough neighborhood.
